DETAILED ACTION

The amendment filed 28 August 2003 has been entered.

The amendment filed overcomes the rejections of claims 16-18 and 20, and the objection to claim 19.

Allowable Subject Matter

1. Claims 16-18 and 20 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claim 16, the prior art of record neither shows nor suggest the exposure of the photocathode to cesium, oxygen and fluorine comprises separate steps of exposure to cesium and exposure to a combination of oxygen and fluorine.

Due to their dependency, claims 17, 18, and 20 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
